Title of the Workshop

Hands-on Workshop on Grant Writing

26th Feb 2026

09:00AM – 01:00PM

NAMO Medical Education & Research Institute,
Silvassa, U.T. of Dadra and Nagar Haveli and Daman and Diu,
India

Highlights of the Workshop :

By the end of this workshop, participants will be able to:

- Understand the foundational principles of grant writing, including the structure, components, and essential elements of a successful proposal
- Identify and assess suitable funding opportunities from national and international agencies relevant to public health and medical research
- Build competence in drafting major sections of a grant proposal, including background, methodology, work plan, outcome indicators, and expected impact
- Prepare realistic budgets and budget justifications in alignment with funding agency norms and project requirements
- Use AI-assisted tools responsibly to enhance proposal clarity, structure, and technical accuracy
- Strengthen understanding of proposal review processes, including scoring criteria, common pitfalls, and strategies to improve acceptance rates
- Independently design, refine, and submit competitive grant proposals for research and community health initiatives
